

ALPHA 140 USB
Noise Cancellation Headset
– (Time-Tested Product)

Features

ALPHA 140 USB NC Headset is a reliable, time-tested communication headset widely used in offices and call centers for consistent daily operations. Designed with Noise Cancellation (NC) technology, it delivers clear voice quality and dependable performance, making it a trusted choice for long-term use.

Noise-Canceling Microphone (NC) – Reduces background noise for clear voice communication.

USB Plug-and-Play Connectivity – Simple setup with standard USB interface, no additional drivers required.

Reliable Audio Performance – Consistent voice clarity for everyday office and call center use.

Compatibility

Engineered for durability - Built with high-quality materials and reinforced components, making the headset suitable for heavy daily use in call centers and office environments.

Works with all call center dialers

Proven Reliability – Time-tested product ensures stable performance for long-term use.

Comfortable All-Day Wear – Lightweight and ergonomic design reduces fatigue during Long Usage Hours.

Easy Deployment – Plug-and-play USB makes setup simple across Multiple Applications

High Return on Investment – With a longer lifespan and minimal complaints, the headset helps reduce operational costs
