

DBL-122 V4 ENC Pro
USB Headset – Premium Model
(Heavy Duty for Call Centers)

Features

Built for High-Performance Call Centers

The DBL-122 V4 ENC Pro USB Headset is engineered for intensive call center operations where voice clarity, durability, and comfort directly impact productivity. Powered by advanced ENC (Environmental Noise Cancellation) technology and professional-grade audio processing, this model ensures crystal-clear communication even in high-noise environments

Advanced ENC Technology – Minimizes background noise for clear, professional conversations.

Enhanced Audio Processing – Optimized voice clarity with reduced distortion and echo.

Soft headrest pad - Provides extra cushioning and superior comfort, reducing pressure during long working hours comfort, with BPO & Contact Centers.

Compatibility

Compatibility – Works with all call center dialers, fully compatible with Zoom, Microsoft Teams, Skype, and other major communication platforms.

Durable & Reliable – Tested for long-lasting performance in high-volume call center environments.

Flexible Connectivity – Compatible with both modern and legacy systems via USB Type-A.

Reduced Noise Distractions – Advanced ENC helps maintain focus in busy office floors.
